TERRY COWENS.

Many of you will know that Terry died a couple of weeks ago. If you can't picture him he was Alan Carver's buddy, always turned up at the monthly socials and invariably won the monthly raffle. He was a stalwart member of this club for many years and for as long as I can remember, was one of the first on the scene when the club required help at the half marathon or 10k. He will be sadly missed.

As from the 1st September 1998 we have terminated our contract with the cricket club and from now on we will be using the facilities afforded by the Football Club in Privett Park (Inn off The Post).

*'Twas a bright sunny morn for a run
And Christmas a thing of the past
I followed "The Lope"
Oh what a dope
The lanky old sods was too fast*

*By 3k I'm feeling the pace
Tight chest and wobbly thighs
I've now hit reverse
It doesn't get worse
But hooray I won a spot prize*

Ode to a "Virgin Plodder"

When the call of the wild comes to you

*You respond with a nonchalant air
Should I tackle the Grizzly?
Nah! that's just one cuddly Bear*

*So off up you go on the A3
Where villagers all look alike
And every gate that you run through
There's Ken with his trusty old bike*

*There were hardy old soles all around
As we trekked through clay mud and yuk
I thought "John give me cross country"
As another shin load came unstuck*

*It seemed to go on forever
And they added some more just for fun
But I can add to my list of events
That "The Plod" and I are both done.*

Anthony "Speedy" Powell.

I was sorry to discover recently that Anthony "Speedy" Powell a former GRR had died in London. He became a road runner by accident , he was called speedy because he was so slow in the engine room that he put on bin liners and ran for hours around the sports field at HMS Dolphin. Then some one suggested he should try road running. He did and entered the London Marathon in 1981.

A year later he had trimmed down to 15 stone (from 22) entered the Gosport Marathon completing it in 3 hours 12 minutes. He was rather a lonely sort who had very few friends so being a GRR made him proud to wear our vest.

After finishing his time in the RN he became an Underground railway driver but he gradually stopped running and he was soon up to 22 stone again.
